

CREATIVE POTENTIAL

HAIRLINE

Creative potential: The moonpoint in the hairline stands for the authentic and powerful aspects in us, as long as we live the solar aspect. It's that feeling that everything is doable and achievable. *"Nothing can throw me off my course!"*

In the shadow aspect, we feel disconnected from everything and have a tendency to allow paranoid self-doubt circulate within us.

Balanced: authentic, empowered, intuitive

Unbalanced: self-doubts, disconnected from self, paranoid

EARLOBES

Creative potential: If the moon is in the earlobes, we are in the balanced state very analytical and questioning values. Philosophical fundamental discussions take place too.

In the shadow aspect of the earlobe moon, the condition changes into a reasonless mood for discussion as well as an over-analytical and self-critical way of looking at things, like *"What exactly is the point of this?"*.

• **Balanced:** analytical, philosophical, discussing values

• **Unbalanced:** ready to debate, overanalyzing, self-deprecating

EYEBROWS

Creative potential: When the moon is in the eyebrows, we are very visionary and imaginative; healing day-dreams accompany and inspire us. *"Oh yes, what a healing idea!"*

In the shadow aspects, the eyebrow moon shows up through unrealistic fantasies and tends to make us feel disillusioned with life.

• **Balanced:** visionary, healing dreams imaginative

• **Unbalanced:** fantasizing, illusionary, disillusioned

CHEEKS

Creative potential: The cheek moon is a very powerful one. We are radiant and see the greatest order in the greatest chaos when we are balanced.

In an unbalanced state it could become dangerous, we are unpredictable, explosive and out of control. *"You better don't get in my way today!"*

- **Balanced:** feeling radiant, unprecedented, order in chaos
- **Unbalanced:** out of control, hot tempered, unpredictable

LIPS

Creative potential: Moon energy in the lips means being able and willing to talk and chatter all day long, but also to be eloquent in the balanced state and able to express things excellently.

Unbalanced, the lunar energy shows itself as complicating what has been said, as well as sharp-tongued and indiscreet talk.

- **Balanced:** uplifting communication, talkative, expressive
- **Unbalanced:** complicating, indiscreet, sharp-tongued

NAPE OF NECK

Creative potential: When the moon's energy is active in your neck, it's time for romance, heartfelt words and sensuality.

Unbalanced, this moonpoint is experienced as speechlessness, or no or often biting words.

- **Balanced:** romantic, heart speaking, sensual
- **Unbalanced:** speechless, bitchy, unable to communicate

BREASTS

Creative potential: Lunar energy in the breasts expresses itself through being compassionate, generously loving and giving.

"Yes, I'm here for all of you!"

The imbalanced state of this moonpoint leads to excessive giving and so to sacrifice and exhaustion.

- **Balanced:** compassionate, unconditional love, giving
- **Unbalanced:** victim, over-giving, exhausted

NAVEL

Creative potential: Balanced, the moonenergy shows up in the navel area as feeling physically strong and centered, as well as being physically highly motivated.

The shadow aspect tends to show vulnerability, lethargy, insecurity and instability. Thoughts about this unbalanced moonpoint state would be, *"I can't do anything today."*

- **Balanced:** centered, physically strong, motivated
- **Unbalanced:** insecure, vulnerable, lethargic

CLITORIS

Creative potential: Moonenergy in the clitoris means need for great sociability and extroversion, as well as great charm that is displayed.

Unbalanced, the moon point presents itself as a depressed and stubborn mood, as well as the feeling of needing a click for yourself.

- **Balanced:** highly sociable, outgoing, charming
- **Unbalanced:** depressive, closed-minded, cliquish

VAGINA

Creative potential: Moonenergy in the vagina expresses our charming side, we are deeply social and feel the desire for deeper intimacy.

In the shadow aspect, the moonpoint expresses itself through feelings of insensibility, dullness and a feeling of absolute emptiness.

- **Balanced:** sociable in depth, enchanting, deeper intimacy
- **Unbalanced:** empty zero, sensationless, indifferent

INNER THIGHS

Creative potential: The lunar energy of your inner thighs testifies to energy, self-confidence, perseverance, assertiveness and a creative state.

Unbalanced, this moonpoint shows a lack of concentration, as well as a lack of clarity and organization.

- **Balanced:** confidence, creative strength, full of energy
- **Unbalanced:** disorganized, unclear, unfocused

We, MOONPOINTS - Moonpoints-Research Association, are an ideal, non-profit research association that mainly deals with research, education, knowledge collection and transfer of knowledge about the energetic moon points, as well as possible health-promoting effects on humans and human consciousness. Our association goal is the further development of human knowledge about possible health-promoting effects of the moon points on a conscious, mindful, blissful, heartfelt and peaceful life and being, to which this moon point research project contributes significantly.
